

**Shurtape**

**PACKAGING TAPES**

**HP 100 1.6 mil General Purpose grade**

Designed for consistent performance in light duty packaging applications. Sealing of lightweight cartons with minimal exposure to handling, shipping and load stress. Wide range of applications on various substrates include bundling, repairing cartons, paper and film bags. Aggressive, high-tack adhesive with excellent holding power.

**ASTM D-1974; A-A-1684C**

**HP 200 1.9 mil Production grade**

Developed for superior performance in automated industrial carton sealing applications. Conformable BOPP film and aggressive hot melt adhesive create instant closures of medium weight cartons in normal manufacturing and shipping environments. Hand rolls feature Shurtape TR20 release formula for consistent unwind and ease of use.

**ASTM D-1974; A-A-1684C**

**HP 300 2.2 mil Performance grade**

Ideal for automated carton sealing applications of light to medium weight cartons subjected to increased handling stress. Durable BOPP film and aggressive pressure sensitive hot melt adhesive provide excellent quick stick and superior holding power to fiberboard. Suitable for a wide range of applications and environments.

**ASTM D-1974; A-A-1684C**

**HP 400 2.5 mil High Performance grade**

High performance product for demanding case sealing environments. Aggressive hot melt adhesive provides consistent and secure carton closure. Ideal for large, bulky or heavy content cartons in automated or manual applications. Recommended in higher speed, critical closure applications. Excellent for packaging, bundling, repairing cartons and paper and film

**ASTM D-1974; A-A-1684C**

**AP 201 2.0 mil Lo-temp Production grade**

Produced for automated and manual sealing of light to medium weight cartons in extreme temperature environments. Durable 28 micron cast BOPP film provides the stiffness and strength required for automated applications. Rohm and Haas emulsion acrylic offers high clarity and UV resistance along with premium aging characteristics and low odor. Directly

*Available in 1000 yd rolls for automated applications*

**GS 490 4.8 mil General Purpose Filament Strapping Tape**

For light duty strapping, packaging, bundling and palletizing. Resistant to moisture and solvents. Aggressive, synthetic rubber/resin adhesive for quick stick, shock resistance and high shear strength. Cast BOPP film backing resists splitting and cracking. 100 lbs/in tensile
