TRUCK / TRAILER MARKING CONSPICUITY TAPE

Federal mandate now requires that ALL trailers having an overall width of more than 80 inches and a gross vehicle weight rating of more than 10,000 pounds be equipped on the sides and rear with some means for increasing their conspicuity. With a brightness of 700-1000 candle power intensity, our alternating 11" red and 7" white Conspicuity Tape meets the ASTM D-4956-90 Type V sheeting requirements to comply with this new mandate. Available in 2" width with the option of 10, 25 or 50 yard rolls, this pressure-sensitive tape resists dirt and grime, as well as common solvents.

Meets ASTM D-4956-90 Type V sheeting requirements
